Cape Peninsula University of Technology

PLAN: (ATTACH IMPLEMENTATION PLAN):
Work Integrated Learning Plan: • Duration: 5 months (01 July to 30 November). • Project Based or Industry Based WIL curricular model implemented. • Daily stand-up meeting with the team. • Students are required to complete a monthly attendance register. • Students are required to complete a monthly report. **Academic Plan:** • Students are registered for the subject of Project Presentation 3. • Students need to be released for tests in March and September. • Students need to be released for exams in June and November.
WORK DONE:
• Week 1 (29 June - 03 July) –Site Acceptance (Handover) of 18 sites to customer. This involved demonstrating the quality of the installation as well as confirming the functionality of the equipment installed. • Week 2 (06 July – 10 July) – Optical Transmission Network planning and design. This was in preparation of an expansion a customer requested on their existing network to allow for bigger capacity (throughput) • Week 3 (13 July – 17 July) – Optical Transmission Network hardware installation and configuration. After the planning, it was time to install the expansion equipment and make the necessary configuration to expand capacity. • Week 4 (20 July – 24 July) – Site Detail Design for 28 sites. This is a process where designs are created for sites that that will be installed in the near future. The design include the equipment layout, the firmware that will be installed in the equipment, the cabling connection diagram for both fibre and power. The layout of how the boards (modules) inside the chassis is also listed in this design document. • Week 5 (27 July – 31 July) – Site Detail Design for 37 sites. This is a process where designs are created for sites that that will be installed in the near future. The design include the equipment layout, the firmware that will be installed in the equipment, the cabling connection diagram for both fibre and power. The layout of how the boards (modules) inside the chassis is also listed in this design document.
